Note: These items are listed by priority level. If the item is at the top of the list, it is more important. All items which your student uses may be substituted. Brand names are not important as long as the primary (yellow, red, and blue) and secondary (violet, green, and orange) hues are included. If budget is a concern, I recommend starting at the Dollar Tree and completing your shopping at Wal Mart. The Amazon list below is the easiest way to shop, yet the most expensive.
