

Join the Arbor Day Foundation
And Celebrate Earth Day

Tree Drive for California
April 2 – 22, 2019

Luiseno kids and families can help restore our forests, which were lost to wildfires this year, by helping raise funds for the Arbor Day Foundation's Tree Drive.

Every \$1 (dollar) donated plants 1 (one) tree

All donations will go directly to the Arbor Day Foundation. Donation by check must be made out to the Arbor Day Foundation. Cash donations will be totaled into a check and made payable to the Arbor Day Foundation at the end of our Tree Drive, on Apr. 23, 2019.

Please understand that the tree planting timeline is more than two years and you may not directly see the trees that are planted. The Arbor Day Foundation works with the U.S. and California forest services to plant the trees.

ASB leaders will be posting green tree stickers on an enlarged map of the Holy Fire burn area to help us chart our efforts. The map is posted in the hallway between the office and the MPR.

Every tree helps our land hold water, gives off oxygen to help our air, and adds beauty to our environment. Be kind to the Earth and help our forests by donating \$1 to plant a tree.
